I'm Governor Haley Barbour. I want to invite everyone ... all
Mississippians ... to get out and see our wonderful state.

We're lucky to have unique history, heritage and culture.

Mississippi is the birthplace of America's music and home to the
world's most talented writers, actors and athletes.

We're one of America's top casino gaming destinations. And our
great Gulf Coast is rebuilding with more and more restaurants,
hotels, golf courses and attractions reopening every day.

So, go to VisitMississippi.org and start planning your trip. Take a
week or a weekend...get in the car and see Mississippi. I promise
you'll have a great time.
